## Additionally you need:

**28 606 00** Acrylic stamp block  
Stamp cleaner, hole punch pliers, paintbrush, mixing vessel, poss. sandpaper, hot-melt glue, scissors

## Instructions:

**1 – 2** Mix Raysin and fill the mushroom up to  $\frac{2}{3}$  of the casting mould. Gradually add Color Drops to the remaining mixture until you obtain the desired colour, then pour it into the Squirrel and Grass tuft moulds (about 8 mm high). Allow to dry out, then demould (if necessary, do some additional sanding).

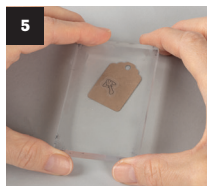

**3** Paint the lateral sides in white and the roof of the house in brown. Allow to dry.

**4** Add a golden touch to the Raysin castings.

**5** Punch out the cardboard using motif puncher, pierce holes using hole punch pliers and stamp on. Finally, attach a cord on.

**6** Glue the moss and Raysin castings inside the house and decorate it all with a tag.
